

AI Engineer/ Data Scientist (Offshore – India)

Vaibhav Bansal

Background

Results-driven Analytics & AI Consultant with 6+ years of experience delivering data-driven and AI-powered solutions across analytics, business intelligence, and Generative AI. Proficient in Python, SQL, PostgreSQL, Vertex AI, and Gemini, with expertise in data science, machine learning, RAG-based conversational AI, and enterprise knowledge retrieval. Experienced in transforming complex data into actionable insights and building scalable AI solutions that enhance decision-making, operational efficiency, and business growth. Holds a Diploma in Data Science with a strong foundation in computer science and advance analytics.

Industry & Domain Experience

Industry/Vertical: AI & Data Science

- Developed a SQL + RAG conversational AI solution leveraging Python, PostgreSQL, Vertex AI, and Gemini to provide natural language access to structure and unstructured enterprise data. Implemented hybrid search, semantic retrieval, and intelligent query routing for accurate and explainable responses.
- Developed an AI workflow summarizer through Domo to automatically generate insights from Sales and Ops Data and share it through email to various user groups.
- Developed AI-powered document processing solution to extract, classify, and structure information from PDF and Excel documents.
- Developed Risk Evaluation models using statistical and machine learning techniques to assess customer creditworthiness, reduce delinquency rates, and support portfolio expansion while maintaining risk-adjusted profitability.
- Designed a Rule based Customer Segmentation Model(High/Medium/Low Risk) driving 400 crores increase in Loan Disbursements while reducing Delinquency and Turnaround time(TAT).

Key Skills and Expertise

- **Generative AI:** RAG, Prompt Engineering
- **Languages:** Python, SQL, R
- **Analytics:** Regression Analysis, Classification Analysis, Ensemble Tree Models
- **Tools:** Domo ,Power Automate, Vertex AI, Advance Excel
- **Domains:** Banking, Fintech, Automotive, Supply Chain

Academic Credentials/Certifications

- MCA – Swami Vivekanand Subharti University, New Delhi
- Data Science and Analytics Diploma – Praxis Business School, Kolkata
